

Klove radio has provided a great service to me. I appreciate listening to it when there is so much junk on other stations. I appreciate that there aren't commercials or other distractions from the music they play. Most of all, it lifts my spirits throughout the day. I believe that Klove has this effect on many other people in the community as well. Furthermore, Klove provides avenues for non-profit groups to advertise their events when typical radio advertisements are too expensive. I believe that replacing Klove radio by a LPFM broadcaster with other programming would hinder these things. Please consider letting Klove stay on the radio. They have been a great change from the normal radio station and they have been a good neighbor to those in the community. Thank you for your consideration.
